When they say beginner's guide that is exactly what they mean. The projects are very simple and not too sophisticated.

Took a bit longer to come but is a good book

Good basic book as reference.

Not at all what I expected. Wanted something that explains how to start--this just barely touches that.

Nice book. As advertised.

It was excellent, it had some great ideas and tips, one of the best books I have come across.

love anything by Heidi Borchers

thank you, great and fast service.
