LIFE 100 People Who Changed The World (Life (Life Books))

Synopsis

Religious and political leaders, artists, scientists, and adventurers are all represented in these pages - cultural icons of the greatest fame and obscurities that will surprise the reader. Albert Einstein is here, of course, and so is Madame Curie. Crucial issues of race are examined in the lives of not only Rosa Parks and Nelson Mandela and Barack Obama, but of Jesse Owens and Jackie Robinson and Muhammad Ali. Certainly Abraham Lincoln and George Washington were the indispensable men. But what of Thomas Paine, Igor Stravinsky, Elvis Presley, The Beatles, Walt Disney, Rachel Carson, Steve Jobs, and Steve Wozniak? This is a book of vibrant history, and it is also a book that is fun of fun-fun facts, fun tidbits, fun arguments, fun and rarely seen pictures. It is also a smart book that will appeal to the inquisitive school kid as much as to his or her parents.

Customer Reviews

The editors at LIFE vigorously carry on the traditions of excellence in photography, in journalism, and in telling the story of our country and our world.

You will be inspired if you read about these great people who have influenced the world. Most in the book influenced the world for better and some for worse relative to your moral code. Nelson Mandela was one of the greats that inspired me to follow him in his role to improve the world around him. I recommend reading parts of Nelson's autobiography as well if you are interested in being

inspired to change the world. Half the magazine/book is photographs, but the text gives you enough to wet your appetite for more information. You can learn how to be great from these people by learning how they became great and how to avoid costly mistakes. When you learn from their mistakes and successes you stand on the shoulders of giants, making it easier for you to become great. Anyone can become great even if they are not well endowed with resources or abilities. My favorites in this book are: Tesla, Mandela, Gandhi, Einstein, Aristotle, Buddha and more
