When this book said easy mandalas, it really meant easy. While I'm a novice colorer and was looking for easy adult coloring pages, this was a little bit too easy for my taste. A little diversity goes a long way.

Coloring book is exactly what I was looking for - large easy to color pages without overly intricate details. Coloring should be fun not work! I like that I was able to find Mandalas that weren't intricate, most of the adult coloring books have very small areas and take lots of concentration.

I don't hate the book. What I received was the covers only. Inside was "TEAS V Study Guide 2015-2016" whatever that is. Printer made a mistake at the factory. made it right and refunded my purchase price, but I didn't want to risk a reorder just to get the same defective book.

Much more relaxing than typical adult coloring books!

Some of the mandalas seem to be to complicated for beginners.

ok for beginners.

NO DOWNLOAD LINK, DO NOT PURCHASE! There is nothing stating in the description that you are not able to download. Why purchase just to look at pictures!?! Very disappointing!

I love coloring.
