Underworlds #2: When Monsters Escape

Synopsis

An action-packed, mythological chapter book series from Tony Abbott! The underworld is in our world now. . . . Owen, Jon, and Sydney managed to rescue Dana from the underworld. But if they don't fulfill their end of the bargain with Hades, she might be headed back -- forever. As if that wasn't bad enough, some very creepy, very one-eyed mythological beasts are on the loose. Cyclopes have taken over the power plant in Pinewood Bluffs! Owen and his friends have to stop them before they destroy the town. But what chance do four kids stand against an army of mythological monsters?

It is a really good book I think that any one who is interested in mythology will like this book

The book is a little bit short but has plenty of information and stories of mythology. I actually started reading this series from this book and I actually think I didn't miss much. I'm really curious to we're Tony Abbot got this information of mythology. Gjob Tony.

I bought this for my 11 year old son who liked the Percy Jackson series. He really took right to this book and the others in the series. He liked that the book "captured him immediately". Any thing that works his imagination and keeps him reading..... I say YES!

Excellent children's book, a good story for the young imagination, and the old too :)
