Weather (Knowledge Masters)

Synopsis

A world of knowledge at your fingertips! Four more exciting titles in this excellent series from Zigzag. Ever wondered where the weather comes from, or what life was like in ancient times? These questions and many, many more are answered in this fascinating series. Each book has a fully interactive CD-ROM and includes exciting Internet links to take children to the most interesting and informative sites on the net. Knowledge Master is a complete, user-friendly multimedia package that's ideal for home, school - or just for fun! A perfect aid for school projects or homework tasks. Popular subjects that children will want to learn about. Covers a wide range of subject matter, which all comes together to create a library of information that children can refer to at any time. Contains the latest and most up-to-date Internet links. Striking full-colour illustrations to grab and keep the child's attention. Titles are presented in a Question & Answer style to make information easily understandable. Published simultaneously in hardback for gift and institutional use, and in great value paperback that children can buy for themselves. --This text refers to the Paperback edition.

Customer Reviews

Neil Morris has worked in all areas of publishing, as a lexicographer, an editor and a marketing director. He is now a freelance writer, editor and translator, specialising in children's non-fiction, and lives in West London. --This text refers to the Paperback edition.

Great overview of different types of weather. Just the right amount of text with just the right photo. Perfect for classroom/teacher use.
