Customer Reviews

I really enjoyed the entire book. VERY entertaining. The only thing is that pages between 3237 and 3242 are missing.

Amazingly interesting, of course. I want to do what Robert Monroe did. Thank you.

I LOVE this book so much. It is deep and insightful .

Great, book and eye opener. A bit boring writing style, you can tell is not a super writer. But Overall

amazing book.

Great read. Even though this book was written some time ago, it is still seems very up to date.

Better than I expected!

I felt it dragged a bit. It wasn't as analytical as I had hoped. I believe that my research on the subject matter will require a great deal more reading.

perfect introduction to a modern pioneer in rediscovering scientifically an ancient spiritual art
