Alena Lazareva.
• Digital artist and illustrator.

The images in this book have amazing detail. They are all beautiful! Each image is printed on one side. Therefore, you can use markers or pencils, as long as you protect the page underneath the one you are working on. This book is done in grayscale, so it helps you figure out where to put the shading/shadows. I'll definitely be looking at other books by this artist.

Fairies. GRAYSCALE Coloring Book: Coloring Book for Adults
This book is excellent. I received this book as a gift. Another awesome book by Alena Lazareva! Her artwork is interesting. Grey scale helps to show you where to shade and brings a professional look to your coloring. I only use

coloring pencils with my grayscale. I will have hours of fun coloring!

This book is absolutely gorgeous!!! The pictures are very detailed and beautiful!!! I'm new to grayscale coloring and this is going to be both fun and challenging to do! If you love to color like I do, you gotta get this book especially if you like detailed pictures to color and love a challenge!

Can't wait to spend time working on this. It arrived a few days ago and I really don't want to tuck it away until Christmas.

Large variety of Fantasy grayscale coloring pages in this book.
