Customer Reviews

Bought this book because I had bought the previous one with the same title. I was under the impression, since the description doesn't specify otherwise, that this book would have the black background & different pictures than the other one. It had the black background, all the pictures were the same as the other book though. That was disappointing. I was anticipating different pictures. What makes me happy is that I thoroughly enjoyed the other book so coloring the same pictures was still a fun adventure. Just be mindful that if you already own the other book by the same name (the one with the pink cover), this book has the same exact pictures only with black backgrounds.

Fun to color these fashions.

My daughter love this book.
