Strange History

Synopsis

This exciting title from the folks at the Bathroom Readers' Institute contains the strangest short history articles from over 30 Bathroom Readers' Institute; along with 50 all-new pages. From the 20th century to the Old West, from the Age of Enlightenment to the Dark Ages, from ancient cultures all the way back to the dawn of time, Strange History is overflowing with mysterious artifacts, macabre legends, kooky inventions, reality-challenged rulers, boneheaded blunders, and mind-blowing facts. Read about

- The curse of Macbeth
- Stupid history: Hollywood style
- The secret LSD experiments of the 1960s
- In search of the lost Cloud People of Peru
- The Swedish queen who declared war on fleas
- Unearthing the past with the Outhouse Detectives
- The Apollo astronaut who swears he saw a UFO
- How to brew a batch of 5,000-year-old beer
- The brutal bloodbaths at Rome's Coliseum
- Ghostly soup from ancient China
- The bathroom of the 1970s

And much, much more!

Customer Reviews

The Bathroom Readers' Institute is a tight-knit group of loyal and skilled writers, researchers, and editors who have been working as a team for years. The BRI understands the habits of a very special market and devotes itself to providing amazing facts and conversation pieces. They are based in Ashland, Oregon, and San Diego, California.

Thanks to NetGalley and Portable Press for the digital download of Strange History by Bathroom Readers Institute! This incredible book kept me reading from beginning to end and I finished it in

one sitting because of its entertainment value! Strange History is a fact driven world history of slang, fads, quotes that stand the test of time, boring parts of history, historical food facts, styles and trends by decades, almost assassinations, misconceptions, freaky facts, made-up languages, obsolete words, real life Frankensteins and a bunch of other historical fact categories. I want to use this book for a jigsaw lesson to teach what facts can be found in the 000's section of the DEWEY Decimal System. Great entertainment

This an interesting and fun book. It's a little different format and a little fancier than the typical bare-bones Bathroom Reader books. The articles are also shorter, with most being a single page and a handful being two pages. I was slightly disappointed (but still love the book) that by its title I assumed the articles would all be anecdotes or insightful tidbits about historical people and events... which it kinda is, but really, they throw almost anything in here - some of which is very light, and you would have a hard time classifying as a "history" story. That said, I may like this book more than the typical BRI book.

A nice compilation of previously printed material plus some new material.

Interesting historical stories. I thoroughly enjoyed reading the book.

One would expect a coffee table book to be a conversation piece, but this book has sparked more conversations than ever imagined! If there's a sequel, we will definitely have it in our other bathrooms.

funnnnnnniiiiiiiiieeeee

good books to read

Good reading
