## Customer Reviews

This is exactly what I was looking for. I'm refreshing my skills on the cello so I wanted scales, etc.

These are the type of exercises to get you "back in the groove" quickly.

I am happy that stocks method and scale books. Otherwise I would be traveling 50+ miles to get to a good music store. This book was required by my son's music teacher.

daughter says it's good

excellent product as described

A+

Another classic for young cellists. A must have for scales, arpeggios, and additional exercises.

Excellent book.

Just good. No complaints from my boy to exercise.

Great technical exercises for the high school cello student!
