Best Sellers Rank: #539,047 in Books (See Top 100 in Books) #76 in Books > Health, Fitness & Dieting > Aging > Diets & Nutrition

Customer Reviews

Life Extension

they were right and were pioneers in this area! I had another copy when it first came out ... it got misplaced ... and I was so happy to be able to order for reference now!

Great informative encyclopedia at a great price!!!!

Most useful single volume to maintain your life.

I'm just getting started but by far I'm enjoying the book.

I read this book in the 80's and it somehow got lost. I ordered it again, to see if Sandy & Durk was right, as it's been quite sometime since. I found out that not only were they right about most everything but the books still is helping me. There are amazing things that I had forgotten with their studies. It is a must read. I sure wish they would write another now!

Great addition to my library.

Great Book! Very informative.

I had a copy of this book since it was published and It's been a constant go to reference for my household. It's old now and there are other reference books on this subject but much of the info is still relevant.
