Customer Reviews

This adult coloring book has 100 designs to color. The designs are all stock images and many were

familiar to me. There are a lot of mandala designs, a few animal and people designs and quite a few heart designs. The majority of the pages are heavily detailed and have areas small enough to work well with gel pens. There is a small selection of images that I would not be willing to print because of the amount of solid black area on the design. The print link is located at the back of the book and works as expected.

Such a neat book. I love the theme of the book, it's nice to have something besides mandalas to color. A great book to relax and color in.

Great pics to color

Great pictures!

REISSUE...IF YOU HAVE: Adult Coloring Book: Love is in the Air: 1-- Amazing Valentine's Day Coloring Pages by Aria Summers...THEN YOU HAVE This color book. Saw quite a few of these coloring books filled with stock images many of us already have in other coloring books, if not the same one, in 2016 and now they're back again. Please check your coloring books carefully before getting them. When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ?? It seems we still aren't being shown sample designs in c order to cut down on the number of repeats we buy.
