Technology Integration In The Elementary Music Classroom

Synopsis

(Book). This is a landmark resource for elementary school teachers who wish to enhance their curriculum with the excitement of music technology. The lessons can be adapted and used in a general classroom setting with one computer, or in a classroom where the music teacher transports the materials "on a cart." Support audio files, MIDI files, and other electronic documents can be accessed for free through a dedicated web site. Includes a glossary and index.

Customer Reviews

I recommend this book for Elementary Music Teachers as we head further into the 21st Century and incorporate more technology into our music curriculums. It's a good hands on reference book and one I'd recommend for your resource library.Â Technology Integration in the Elementary Music Classroom (Book)

Finally, a book that focuses specifically on elementary music technology. This book features plans that are tied to MENC and Technology Institute for Music Educators standards. Many concepts and plans can be modified for middle/high school classes. The lesson plans are a compilation from other music education technology professionals.
