Kaplan LSAT 180

Synopsis

Think a 180 is out of the question? Think again. Kaplan's LSAT® 180 provides the extra tactics and advanced practice you need to get the absolute maximum score. Using this book with the practice tests and intensive review of Kaplan's bestselling LSAT® guide, you can get the perfect score. **TOUGHEST QUESTIONS** Practice with "high-octane" questions -- the toughest you'll face on the test -- and get comprehensive explanations, plus tips and techniques for answering them quickly and accurately. **HARDEST CONCEPTS** Target your review with focused practice sets containing the hardest Logic Games questions you'll find on the LSAT®. **STRONGEST STRATEGIES** Take apart the most complicated questions with Kaplan's powerful strategies for every question type on the Logic Games, Logical Reasoning, and Reading Comprehension sections of the LSAT®. You'll learn how to get the most points in the least amount of time. **Comprehensive LSAT® Preparation!** For a complete review and four practice tests, look for Kaplan's LSAT® guide with CD-ROM wherever books are sold! Sign up for the Law School Edge. Tap into Kaplan's expertise with the Law School Edge, our free e-newsletter. Customer Reviews

The best prep for the LSAT is to take actual tests and examine your mistakes - for example, 10 Actual, Official LSAT PrepTests and 10 More Actual, Official LSAT PrepTests (Lsat Series). This book from Kaplan is a nice addition, although it's not required. The questions in this book are not the official questions, and most are far harder than anything you'll see on the LSAT. However, the value in this book isn't getting realistic questions. The value is training yourself to think like the test-makers want you to think. Think of this as high-altitude training. You get your mind ready for the types of questions you'll see on the LSAT, and you do that under tougher conditions than you'll see on the real thing. Don't rely solely on this book - the core of your prep should be real test questions. But it's worth spending some money for some variety on a book designed for people shooting for the very highest scores.

I got the book with a push from someone who got a 174.. he suggested that I study the logic games techniques or just do as many as I could because it would definitely set up some HARD problems that will make the other sets of questions you MAY have had difficulty on as well, seem a lot easier...I don't know how much help it was on Logic reasoning but all I can say is that I started off getting 17-19 correct.. I am consistently getting 20-21 correct and it really varies by exam and there isn't much you could do beyond what we are already doing for the logic reasoning you either GET it or you don't...DEFINITELY get the logic reasoning bible from Powerscore though

On the contrary to what was written in description of this book, it was not only new but also written all over pages with ink. Not happy at all with this purchase!!:-((

I've seen a steady increase in my scores since starting this book. I was in the 169-170 range, now I'm hitting 174-176, and I still have half the book to go. Hoping it can push me to a 178 by October.

I was very happy with this book- in terms of both condition of the book and the actual material

inside. By far the most helpful LSAT prep material I have used this far. The book arrived just as it was described-- no marks on the insides and barely any wear and tear on the inside.

This book was helpful for preparing for the test but not for test day. There are lots of practice guides and instructions, but nothing can prepare a person for the anxiety of the actual test. Try to use this book as a prep for test day as well as the test itself by using this book in the most stressful situations possible. That helped me.

You must read it too

I bought this book specifically because the description stated that it did not have any pencil marks (or any other marks) in the book. When it arrived it was full of marks where someone had filled in their answers to the multiple choice questions.
