Historical Dictionary Of Paraguay (Historical Dictionaries Of The Americas)

Synopsis

Land-locked Paraguay is one of the smaller nations of Latin America, whose global image is now changing very rapidly. In the process, the tired stereotype of a “forgotten” country comprising only military dictators, Nazis, and steam trains is being rapidly discarded. Indeed Paraguay is now no longer off the map and its unique history is attracting growing interest. This third edition of Historical Dictionary of Paraguay covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 1000 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Paraguay.

Customer Reviews

It is explained that many aspects of this tumultuous history have not yet been adequately studied, so that even now interpretations of the most important events are strongly contested. Although the book is inevitably dominated by politics, the author has devoted due coverage to economic, social and cultural life, with which he is well acquainted. . . .In spite of the title of the series, its volumes usually give a great deal of attention to the events and personalities of recent years, and this is no exception. (Reference Reviews)

R. Andrew Nickson is Honorary Reader in Public Management and Latin American Development at

the University of Birmingham with experience of teaching, research and consultancy on public administration reform, local governance, decentralization and reform of urban water supply. He had long-term work attachments in Sierra Leone, Nepal and Paraguay. He writes for the Economist Intelligence Unit, Oxford Analytica and Jane's Information Group and is Associate Expert in Governance, UNDP Regional Service Centre, Panama and trainer for the Commonwealth Secretariat and United Nations System Staff College, Turin.

This 3rd edition greatly expands and improves upon the previous edition. The 23-page introduction provides an engaging and up-to-date overview. When combined with the detailed chronology and exhaustive bibliography, there is simply no better starting point for readers wanting to learn more about the history of this often overlooked country. Even better: pair this title with "The Paraguay Reader" (co-edited by Nickson), which provides a wonderful anthology of Paraguayan authors and perspectives.
