Synopsis

Knitters will love this fabulous collection of adorable knitted dolls and their very contemporary styled clothes and accessories. Louise Crowther is a talented knitting pattern designer with an eye for sartorial style. She sells her knitting patterns for dolls and toys to a growing audience who love her distinctive design style under the brand name Boo-Biloo. She has a background in textile design and is building her profile as an exciting knitted toy designer.

I've made Ralph so far. I could not be happier. It is enough detail to keep me entertained but not too hard either. I would say this might be my favorite project ever! I LOVE that the dolls have so many of their features knitted in the body design. I have noticed that my grands seem to undress dolls

almost immediately! They are still endearing with only their underwear on! I left the duplicate stitch off the sneakers since mine looked nothing like the authors. I will try again! Will add a photo when I finish his

I'm having a great time making a doll with a wardrobe for my granddaughter. Patterns are easy to understand. Use suggested yarns or good for stash busting.

Very well done. Have done two for two great grand daughters. Starting one for a great grandson, at his request, he is only 2 years old.

Can't wait to start making some of these dolls for my young granddaughter. I know she will love them and they will always be special because her Nana made them.

Just too adorable! Easy to follow patterns.

Well written, easy to follow. Lots of ideas to start with and then use the basic patterns to be creative.

Haven't yet had the time to make anything from this book, but the projects are adorable and I'm looking forward to a long relationship with this book.

excellent
