# The Cat Handbook (Barron's Pet Handbooks)

## Synopsis

This book tells readers what they need to know about acquiring and caring for cats--both the ordinary household kind and the registered breeds. Here are facts, advice, and insights into feline psychology. Barron's Pet Handbooks present comprehensive information and helpful advice from breeders, veterinarians, and other pet experts on housing, feeding, health care, and where applicable, grooming and training. Filled with photo illustrations, these instructive books resemble Barron's alternate series, the Complete Pet Owner's Manuals, but the Handbooks have been written especially for pet owners who have some experience with animals. These books have larger page counts and contain more detailed information, advice, and instruction. Color photos throughout.

## Customer Reviews

Barron's pet handbooks strike again with this amazing cat book. It has tons of information on cat history, nutrition, behavior, litter box duties, health care, and more. Not to mention adorable pics. This may be my new favorite cat book!

This book wasn't as I expected it was mainly about genetics on color and breed characteristics. Most of which I know or isn't very interesting to me. It also talked about history of the cat. So unless you find those things interesting I wouldn't recommend to anyone in my opinion.

Item was undamaged & nicely packaged. Daughter was very happy, all is well in the world.

Good book
