Yuki Tabata was born in Fukuoka prefecture and got his big break in the 2011 Shonen Jump Golden Future Cup with his winning entry, Hungry Joker. He started the magical fantasy series Black Clover in 2015.

This volume continues the thread of Ashta's goal of becoming wizard King. Sometimes a simple story is best, especially at the beginning of a straight forward shounen story. I'm sure it will develop as the story evolves. This volume introduces more nobles, the world of the nobles' Kingdom, and a new villan.

I love this manga series. I've always leaned towards magical animes/mangas. The fights and exceptionally drawn magic draw you in. The characters are relatable coupled with wonderful humor that keeps me entertained.

Compared to the first two volumes, this one seemed short and didn't take long to finish. The story seemed to slow down in this volume; however, the ending does pick up. So I'm hyped for volume 4!

Amazing series! It's hard finding a series I truly enjoy without getting bored with, cannot wait for the next book!

~3/5 Still in the midst of the battle scene, we get some history on Mars, and the connection between Mimosa and Noelle. While it is better in this volume than the previous, and it does work well, I can't help but feel that this is rushing a bit. We're getting a lot in a short time; some of it isn't as well written or paced as it could be. It's not to say that it's all badly done, though, and it is easy to read. Aside from that fight, we see that Asta has made a girl fall in love with him, and then they get to meet the wizard king. Lastly, the volume ends on a new fight ensuing, this one from a wizard wreaking havoc on a city. Mostly, though, I really want to see more of that tiny little fairy that Yuno summoned somehow with that book. I want to explore that some more, and I do hope we get to see what Yuno is doing on his own when he's away from Asta. This is a straight-up shonen series, lots of fighting and competing and magic. I'm rather enjoying it so far, though. It's easy to like. A review copy was provided by the publisher, VIZ Media, for an honest review. Thank you so, so much! Well, that was an amazingly fast read! This volume starts right out mid-battle in the dungeon where the last volume ended. That arc finishes and then our main characters are off to the Capital. They meet the current Magic King and get invited to watch an award ceremony then after-party where they are all insulted by the nobles. But wait, the capital is under attack, there both zombies and personalities clash. Lots of excitement! We also get a backstory on Mars and find out the sad tale of how he was chosen to be the mage representing his people.

With Black Clover 3, our two boys Yuno and Asta each get power ups as they conclude the treasure

arc. The plot repeats with bad guys with better and better powers get ultimately destroyed by Asta's anti-magic. At least with this volume, the 'brothers' get to fight together as their teams unite. Story: The fight in the dungeon gets serious as both Noelle and Asta are seriously wounded. With most of their teammates encased in crystals, the fight may be beyond their winning. Later, they finally get to meet the wizard king - who has some surprises of his own as he invites them to a special awards dinner. But once again, the boys are looked down upon as peasants and Asta will have to prove himself their equal. There is a bit of a formula here that is admittedly frustrating. Where Bleach powerups were kind of fun and interesting (and earned), with Black Clover the powerups are just handed out because the boys are considered 'deserving'. It makes the fights kind of silly when they get a huge power up that destroys everything immediately anyway. As well, the character designs are rather limited and odd - with characters too often looking like weird aliens. Combined with the oddly placed and jarring fan service images, and I'll probably stop with this volume. It just isn't catching me the way Bleach or World Trigger did. Reviewed from an advance reader copy provided by the publisher.
