Gruber's Complete PSAT/NMSQT Guide 2015

Synopsis

From the expert in standardized tests preparation comes the most effective guide for the PSAT/NMSQT. For more than 30 years, Dr. Gruber has been the leading authority on standardized testing and test preparation. His famous Gruber Method has assisted thousands of students in dramatically boosting their test-taking confidence and standardized test scores. Gruber's Complete PSAT/NMSQT Guide is the play book every high school student needs to successfully approach the PSAT/NMSQT and ultimately raise their score. Dr. Gruber's strategies and in-depth explanations teach logical thinking that guides students to the correct answers. The PSAT/NMSQT is a student's first shot to get noticed by colleges and qualify for scholarships. Dr. Gary Gruber, whose exclusive Gruber Method has raised millions of test scores by sharpening critical thinking skills, offers strategies and completely updated study materials to tackle this first big exam, a warm-up to the SAT. Featuring 3 full-length practice tests, plus targeted review for Critical Reading, Writing, and Math, Gruber's Complete PSAT/NMSQT Guide has all the tools students need to earn top scores and compete for a National Merit Scholarship. EVERYTHING YOU NEED TO STUDY TO GET THE TOP SCORE*3 full-length practice tests with detailed answers explained and keyed to specific strategies and skills *The world's shortest PSAT test (just 22 questions!) with complete answer explanations that show you the exact basic skills and strategies you need to markedly improve your score to get a National Merit Scholarship*Inside info on how PSAT questions are created*Strategies that will save you study time by pointing you directly to the answers*Exclusive 4-hour cram session*The 101 most important math questions you need to know how to solve*Mini-math refresher*Complete math refresher*PSAT grammar review guide GET THE SKILLS THAT UNLOCK THE ANSWERSWith the explanation to a question, you can answer that one question. With the Gruber strategies, you can answer thousands of questions! These strategies show you how to think about problems instead of trying to solve each one individually.

Customer Reviews

Dr. Gary Gruber is nationally recognized as the leading expert on standardized tests, test prep, test-taking methods, and the critical thinking skills required to prepare for such exams as the SAT, ACT, PSAT/NMSQT, and GRE. His books have sold more than seven million copies, and his strategies have helped provide measurably improved results in standardized test scores across all age ranges. His methods have been used by PBS, Sylvan Learning Centers, and school districts, as part of MyMaxScore's online SAT and ACT prep, and as the central college prep products in the testing area of College Countdown. Check out his web site: www.drgarygruber.com.

My son used this book and got into top 0.1%. I think this book is still relevant even for the new redesigned exam.

Clear, concise instruction and guidelines/tips for the exam. Most helpful to my 10th grader.

This book is a review of the old style of PSAT test and not the new test that will be administered in October of 2015, so the title is very misleading. Right off the bat it has bad information about the number of answer choices (5 instead of 4) and whether you should guess (saying that there is a 1/4 point penalty for missed questions when the October 2015 PSAT will not have a penalty).

it is very good

Excellent book

Exactly what we wanted and fast with prime!

HORRIBLY MISLEADING -- DO NOT BUY FOR 2015 PSAT!! As other reviewed mentioned, this book is entirely geared for **OLD** (2014 and earlier) PSAT. The PSAT has completely changed format starting this year. The new test is *very* different in form and style, and this book is giving you guidance on effectively a COMPLETELY DIFFERENT (i.e., now outdated) TEST. Not useful at all. Grateful for 's excellent return policy. If Gruber *does* issue an updated book to the new spec, then we *might* consider buying for next year. But stay away from this one. You will not only waste your time, but it will be WRONG INFORMATION for the 2015 PSAT. It's shameful of the publisher to issue this under "2015 Guide".
