# Rick Steves Walk: Vienna City Center

## Synopsis

Rick Steves' Walks eBooks are straightforward, self-guided walking tours through some of Europe's most popular destinations, designed for easy reference on your mobile device or eReader. In Rick Steves' Walk: Vienna City Center, Rick shares his candid advice on how to get the most out of a walk through Vienna's center; including where to start, how much time you need, and what's worth stopping for; all for less than the cost of a cappuccino. With Rick's knowledgeable, humorous writing in hand, you'll also learn some interesting historical facts about the things you encounter along the way. Packed with indispensable tips and recommendations from America's expert on Europe, Rick Steves' Walk: Vienna City Center is a tour guide in your pocket; and on your smartphone. Rick Steves' Walks and Tours are available for must-see locations throughout London, Paris, Rome, Florence, Venice, Amsterdam, Vienna, Budapest, Athens, and Istanbul.

## Customer Reviews

I purchased Rick Steves' Walk: Vienna City Center before a recent trip to Austria. My husband and I were only going to have a weekend in Vienna which is not much time in this historic and beautiful city. We had used Rick's walking tours before, and I knew we could get a good overview of the city

in a short amount of time. Rick Steves' books always allow for shortening or lengthening of your tour based on your time constraints and are always informative without being boring. You can't go wrong with this purchase.

This was my first experience of walking with a kindle tour guide. It was not easy, because the map page was unreadable and some of the directions provided in the text were obscure. It would help if, after each touristic highlight, a small street-map was inserted, explaining clearly where to go. This would make it into a five-star guide. The explanations were very detailed and helpful. I appreciate their content and the historical background that they provide.

I can always count on Rick Steeves to be informative and entertaining. This guide is no exception to that rule.

We just returned from our tour of the Vienna center with Rick. My husband and I both loved it. It was easy to follow and gave some great insights into what we were seeing. One change, the WW II photos are no longer posted outside of St. Stephen's. If we had done a walking tour with an in person guide it would have been much more expensive and we couldn't have reviewed it later to see if we had missed anything.

Perfect scope and size for a day stroll through Vienna. Loaded this on my phone Kindle reader and it was great. We enjoyed Loos's loos, found no where else!

This is a comfortable yet comprehensive walk past significant sights in Vienna City Center. It's meaningful to know what you are looking at, and Rick Steves added pithy observations. Directions are helpful as they often include nearby landmarks and whether you need to face them or have them at your back to go on to the next destination. Lunch, coffee and toilet stops are also appreciated.

Would like more photos. Will be able to give a better opinion after visiting Vienna

I bought this e-book because I didn't want to buy the entire Austria book for a short visit to Vienna. Although I'd been before, I did follow the walk and took note of the historical information presented. I do wish that some of these e-books would also include the restaurant recommendations listed in the

city guide of the larger Austria book.
