Billionaire Christmas: A Standalone Novel (A Holiday Alpha Billionaire Romance Love Story) (Billionaires - Book #1)

Synopsis

Logan Moreau had everything. He was a 37 year old billionaire with a successful company. He had a family that adored him and he could have any woman in Manhattan whenever he wanted her. The only thing he didn't have was the one thing that could keep him from losing all of that, legal citizenship in the United States. Logan's visa was about to permanently run out and he had to think of a way to stay in the country or be forced to be separated from his family and leave everything he'd worked so hard for behind. When his PA suggests he gets married, he thinks she's lost her mind. When she hires an intern from the Midwest specifically for that purpose, he laughs it off. But the closer it gets to having to leave the more he begins to panic and think that getting married wasn't the worst idea after all. Especially since the intern Chloe happens to be hot and smart and everything else he'd ever think of looking for in a woman. Chloe Dupree is a fresh out of college girl from a farm in Minnesota. She's in New York for the first time in her life, alone and in a world she'll have to struggle to understand. She knows she's out of place at the big Manhattan firm she landed an internship at, but she's confident in her ability to do the job and that's all she's here for. At least that's what she thought until she laid eyes on Logan Moreau. He's the hottest thing she's ever seen and on top of that he's kind and generous and for reasons she can't understand, interested in her. Chloe struggles with being suspicious of his motives while at the same time falling more deeply in love with him by the day. But will her love for him be strong enough to survive her finding out the secrets that he's been hiding? Billionaire is a 90,000-word, FULL LENGTH, Standalone steamy sexy bad boy alpha billionaire romance. No cliffhanger and has a HEA. Includes 4 free bonus full-length box sets and novels for a limited time. Perfect for fans of Kendall Ryan, Katy Evans, Melanie Harlow, Lauren Blakely, and J.S. Scott

Customer Reviews

I loved this book from the first word until the very last. For me, it was one of the best stories I read in 2016. Call me selfish but I would love a second book starring Logan and Chloe. They were absolutely perfect together. I loved the progression of their relationship. Yes, they fell in love quickly but I loved that it wasn't insta-love. There was romance, drama, a few twists, and a lot of heartache on the way to their happily ever after. I read this with KU but immediately bought it when I was finished so I could read it again in the future anytime I want.

I got this on it was recommended by one of my review groups. This is the first book by this author. Logan has built a company and has all the money he will ever need. But his time is running out. He has got some news that is making his world crumble under his feet. With some advice from his PA to help. He does not take the advice thinking there has to be another way for him to stay. As the day grows closer. He might not have a choice. His PA has hired a new intern. Chloe comes to work for him and it is part of a plan to allow him to stay. But what will Chloe do when she finds out about what is happening? Will she Save Logan or walk away?

Enjoyed Billionaire Christmas for what it is. Light reading during lunch. Really surprised to get the extra bonus books until...the F-Bomb hit and hit and hit. I have never understood the reasoning behind filling nearly every paragraph with this particular word, especially since the stories involved young people. Using a curse word when something drastic happens, when you are hurt, angry, injured, I can see. I am by no means a prude, but using it for every simple thought?? There are other words in the English language that would suffice and not take away from the story.

4 stars This book had so many up and down moments that will have your heart in a bunch. I enjoyed it the POP came and went just as fast but the hearts of these two loves was euphoric as such. The

sex was good but not over the top but the characters brought it all together. Happy Sexy Reading

Chloe and Logan's story was very entertaining and I couldn't put my Kindle until I finished reading it. I also got caught up in all the added bonus stories which were really good. This was a great buy that I recommend to anyone.

I noticed some of the reviews saying the plot was unrealistic. I like that lol I read for enjoyment. To escape. I thought this book was a very fun read. I liked the characters. Definitely worth a read :)

I enjoy each and every book, I really enjoy that the purchase was extended by the number of bonus books. A great mixture of stories. Really enjoyable and would recommend to everyone.

I really enjoyed this book. She kept me guessing the whole time. I actually couldn't put it down until I had finished it.
