Eternally Yours (Immortal Beloved)

Synopsis

Every ending is a new beginning. In the first two Immortal Beloved novels, 450-year-old ex-party girl Nastasya Crowe spends five months at River's Edge, a rehab for immortals with troubled pasts. In between uncovering her family's epic magickal history and flirting with Reyn, a heartbreakingly hot Viking wonder boy, Nastasya finally learns that being good is a choice within her power. Just as she's starting to truly change, she discovers that someone is killing immortals around the world and that River's Edge and her new friends may be the next targets. Armed with her own brand of kick-butt magick, Nastasya joins forces with her immortal friends and teachers as they battle an evil that has plagued the world for much too long. By claiming her heritage, Nastasya fights back against darkness...but can she also fight against true love? Probably not if Reyn has anything to say about it. With vivid historical flashbacks, stark emotional reckoning, and laugh-out-loud dialogue, the Immortal Beloved trilogy is a fascinating and unique take on what it would mean to live forever.

Customer Reviews

Eternally Yours is a fitting title for the close to the Immortal Beloved series that chronicles live-for-the-moment party-girl Nastasya's growth into a caring, committed, community-minded, 450-year-old young woman. Nas's maturation at the hands of immortal organic farm/commune rehabber River has not compromised her sarcastic, self-deprecating sense of humor, and the erratic steamy romance with Viking Reyn will keep readers turning pages. New threats to Nas's safety emerge as her true heritage is learned, endangering everyone at River's Edge as the final epic

battle is waged. A fine conclusion to a popular and unique series. Grades 8-11. --Cindy Dobrez

"The engaging final installment in the series that began with *Immortal Beloved* reveals new information about the world of the immortals and ties up loose ends... A satisfying series-ender." —Kirkus Reviews

Cate Tiernan, I'm eternally a fan! After reading the Sweep series—*Sweep: Book of Shadows*, *The Coven*, and *Blood Witch: Volume 1*—*Sweep: Dark Magick, Awakening*, and *Spellbound: Volume 2*—I couldn't wait to read another of her series and I chose the *Immortal Beloved* series. *Eternally Yours* paints a picture of what it would be like to be immortal, the ups and the downs of living forever. Nastasya is cynical, insecure, formidable, and funny. I couldn't help but like her and pull for her to come out on top and yes even get her man. I hope this isn't the last we hear of Nastasya.

I really like this series and this book. The characters are all so very realistic. I feel like I can relate to, or relate to knowing someone each and every one of them. The writer builds anticipation and anxiety expertly and doesn't make it obvious or overly dramatic. Wonderful book.

Ok, so overall I really enjoyed this book and thought it fit well with the rest of the series. Reyn: I liked him. I felt like he was a little more readable in this book. However, I would have liked a bit more from him. One of the words Nastasya uses to describe him is *taciturn*, and that is extremely accurate. I really like him, but he is more of an actions over words kind of person, and I just wish I could have gotten to know him a little more. Nastasya: Let's be real, she is annoying. However, in this case, that does not really bother me because it makes her character believable. There were times when I was wishing she could please just have her big revelation/self-actualization thing already, but then when I thought about it I realized that that would have been really unbelievable. She had seen a lot of crap in her life and it takes time for that to heal. The reason I had to subtract a star (caution, spoilers): I thought this book needed another chapter before the last one. At the end of chapter 32, we have the big battle ending and Nastasya passing out. Chapter 23 takes place two months later. Last we saw, Nastasya and Reyn were still on the outs (once again). He gives her a kiss and tells her not to die as they head into battle, but that hardly counts as making up. Then two months later we see them living together. I wanted to see Nastasya get over herself and figure out how to say "I love you". It seemed like right after they had their fight about it that it was just kind of forgotten as far as the story

line went. Sure Reyn was being distant about it, but we never got to see Nastasya come to terms with it. That bothered me. Plus, there were just a few other story line things, such as the Dray situation, that I think could have been hashed out better with another chapter rather than just Nastasya's mental recap at the end. Overall, I really enjoyed this book, and this series is one of my favorites. I just thought it could have been a little more.

I'd give this closer to a 4.5. Actually, most of the book was a 5 stars all the way! but, the ending just didn't do it for me in a 'sum up the series' kind of way. (Maybe I'm just resentful that it's ending). I loved this series. Nasty is just so... relatable, and biotchy, and funny. And the other characters are well developed... It's refreshing. It's a very novel approach to the whole 'immortal' concept, blending in rich historical fiction throughout.

Cate Tiernan's "Eternally Yours"--book 3 in the "Immortal Beloved" series--is the sensational conclusion to the quintessential immortal series. Although "Darkness Falls" left readers with the impression that Nastasya and Reyn may have been well on their way to resolving their issues and find their own little piece of happily ever after, "Eternally Yours" pulls readers back into Nastasya and Reyn's chaotic world where happily ever after comes with a lot of hard work and a very hefty price. Tiernan introduces more new characters who are as infuriating as they are fascinating...increasing the suspense as well as the pleasure. "Eternally Yours" is fraught with danger, intrigue, and romance as Nastasya finally learns the ultimate lessons about herself and learns to accept her immortal destiny. Tiernan wraps the series nicely leaving readers sated yet sorry to see the series end.

I really enjoy this series. This is a great storyline continued from the previous book, Immortal Beloved. I will say that there are many editing issues in this book though. Often there are lines that have been strikes through but not removed from the sentence, I am assuming where they decided to take something out that they didn't like. Other than that, I still enjoy this series and can't wait to get started on the next book.

Every. Single. One. From an impulse buy in some airport, I started the Sweep series, then Bailfire, onward through the immortal beloved series (grateful this wasn't about vampires, btw). Looking forward to reading the next installment of her latest series. Cate writes in a humorous, totally accessible manner that always feels as if I am being read to by a best friend. Her protagonists are

perpetually youthful, reminding us of the eternal wonder that magic brings to lives so often mired with the ordinary.

I found this book when I did an author search for Cate Tiernan. She wrote the Sweep series that I enjoyed thoroughly so I thought I would give her other writing a chance. I was not disappointed. The story takes you out of the present and creates a world so realistic you lose yourself in it. The characters are well rounded and easy to empathize with. Its all about alternative new age religions, like Tiernan's other series. So if you enjoy reading about that kind of stuff I recommend picking up this series, or at least giving the first book a try. I have the books on my Kindle so when I finished the first book I hopped on my 3G and bought the second book right away, it was that good, and I got that hooked.
