More, Please (Please, Book Three) (Please Series 3)

Synopsis

His ex-fiancée won't let him go. Stupid me. I thought life would get easier once Hunter admitted that he needed me. So what could go wrong? Blaire. That's what. His ex-fiancée is a crazy b*tch with a capital B. She doesn't like another woman going after her man. She's vowed to slice me out of the equation. Physically. And then something happens. Something that might make Hunter do as Blaire wants, and cut me out of his life forever.

Customer Reviews

More, Please is a typical middle book in a series. You know the characters. The thrill of the chase is gone. So now you have to endure the we have problems that need to be fixed. Don't get me wrong, I liked the book and can't wait to see how Olivia and Hunter's HEA end. This book in the series just did have the excitement and passion of the first 2. Olivia and Hunter are comfortable with each other. There were areas where I feel the author could have brought in more of that sense of excitement and suspense but she didn't. Instead she had Olivia do something so out of character it was stupid. And Olivia isn't stupid which is one of the things I have enjoyed while reading this story.

So it is on to the next and find out how this relationship grows further and see if the princess and King do get their HEA.

This book had some interesting twists and turns but felt like there could of been a little more drama with crazy girlfriend. The intimate scenes by this book were very repetitive. The author did try to add a little bit of spice to a few of them, but at this point in the series I was invested in the story and there was a lot of intimate scenes that took up 4-5 pages.

Just keeps getting better and better! Loving this series and reading one after another. I wish they were longer, especially when they run around \$4 a ebook. Usually I won't pay that for short books, so it goes to show ya these are very good for me to keep devouring them one after the other! Onto book 4 now... ;)

Willow Summers continues to pull me in with the tug and pull of Olivia's and Hunters romance. Then throw in a little jealous ex-fiance Brooke and you have a little of a thriller. The dynamic of this book keep you enraptured till the end and leaves you hanging until her final book that will tell us how the story plays out. Will it be a HEA??

The continuous love story of Olivia and Hunter. Blaire, Hunter's ex fiancée want revenge and wants Hunter back. Rodge want just to destroy him. Can Hunter and Olivia survive all their enemies?

These are the first books that I have read by this author and I can't wait to read more. Hunter is a hot billionaire with lots of insecurities. Carrie graduated from college and had been unable to find a job. She went on a job interview not expecting to get the job as many other hotter girls had applied. It isn't really in her field but she is desperate. She gets the job and now has to solve how to deal with her boss. Lots of hot sex, good editing, vindictive ex girlfriend, and very easy characters to fall in love with. Can't wait to read the next book. Try them and you will fall in love with them too. I received an ARC in exchange for an honest review.

I loved this book the best! There was an emotional Rollercoaster throughout this whole book. Love how the books never end with cliff hangers but keep you wanting more.

This book was very appropriately named More, Please! I cannot get enough of this series. Even when I think I have it all figured out, there is a new twist or turn that completely takes me off guard. I love the relationship, emotions, and characters in this series. I love this series!
