Customer Reviews

This review is based on quality alone..The paper is really Thin. I have ripped a few of the "cards already".Hard to organize them or keep them organized so they don't get out of order.Would love for the paper to be thicker and maybe come with a way to organize them and handle them for transport back and forth to class, library, study sessions etc..

Was hoping for thicker stock. Very thin flimsy loose sheets. Not worth the price.

Helped my prepare myself for clinicals and creating my care plans.
