Customer Reviews

Lots of action in this with hints of what is ahead. 8 books in and I still love the main characters, and the world building is phenomenal. Looking forward to the next book.

I really liked this book can't wait to see where the next book takes the story I will definitely read the next book

I love the books and this is just another great addition to it. The characters are lovable and still remain relatable in a way

The saga continues. Another book that results in staying up too late reading and a bleary eyed morning. No regrets, pure enjoyment.

Another great book. Only bad part is waiting for the next in the series. *Taps foot* hmmmmmm still not out yet.....

Loved the story, as always the writer paints a beautiful universe. Look forward to the next installment. Keep up the good work

Huge fan. I have kindle copies of all 8 books and find myself rereading them over and over. Now if MC and Tristan Morris could just get them all out in audio, I would happily by them as well.

Been nerding out on this series, just binge read all 8 books over the last couple of weeks. Worth the read!
