The Baby-Led Weaning Cookbook: Delicious Recipes That Will Help Your Baby Learn To Eat Solid Foodsâ€•and That The Whole Family Will Enjoy

Synopsis

Forget baby purées and spoon-feeding—there's an easier, more natural way to introduce your little one to solid foods. By about six months, when babies can sit up unassisted, grab things, and munch on them, they are ready to join the family at the kitchen table and discover real, solid food for themselves. Baby-led weaning sets the stage for healthy eating habits in the years ahead by helping babies learn to feed themselves, to gauge appetite, and to love a variety of nutritious foods. Now, with *The Baby-Led Weaning Cookbook*, cooking family meals that your little one can share will be a cinch. Gill Rapley and Tracey Murkett, coauthors of *Baby-Led Weaning*, the book that started the movement, collect 130 recipes perfectly suited for baby-led weaning, as well as:

“This engaging resource features lots of recipes to encourage baby independence during weaning and should match the popularity of the previous guide.” *Library Journal*

Gill Rapley, PhD, the pioneering champion of baby-led weaning, has studied infant feeding and child

development for many years. She worked as a public health nurse for more than 20 years, and has also been a midwife, lactation consultant, and breastfeeding counselor. She lives in Kent, England, with her husband and has three grown-up children, all of whom tried their best to show her that they didn't need any help with solid foods. Tracey Murkett is a freelance writer and journalist and a volunteer mother-to-mother breastfeeding helper. After following baby-led weaning with her own daughter, she wanted to help to spread the word about how enjoyable and stress-free mealtimes with babies and young children can be. She lives in London with her partner and their daughter.

Great one! Not only for those who want to try some hard-core baby-led weaning but for all who want to cook delicious meals that all of the family can enjoy. The recipes are very well organized, easy to find and there is a lot of useful tips.

We ordered this hoping for some new and exciting ideas, but this wasn't it. Very basic recipes that you really don't need a cookbook for.

This cookbook has a lot of great recipes the whole family can enjoy to support baby's needs. Would recommend to any parents.

I LOVE this recipe book. The chicken risotto on pg 137 is absolutely delicious. I can't wait for my son to start eating with us

Wasn't impressed with the recipes. I feel some common sense and Google work just as well, if not better.

Great information for starting my daughter on solids. Good recipes to get started. Love this book! Would recommend to friends.

Love the book and all the info! Will educate myself more on blw

Most of the recipes share almost the same idea.
