Customer Reviews

Park your car, put on your helmet, fill your water bottle, and discover the best way to see the sights in Central and Western Massachusetts - on two wheels. Biking is fun for the whole family, and whether you're a dedicated cyclist or just want to have some fun with the kids on the weekend, a bike and a couple of hours are all you need to enjoy the carefully selected routes in this well-researched guide. Each ride includes precise written directions, excellent route maps, level of difficulty, including mileage, safety tips, availability of food and facilities, as well as vivid descriptions of points of interest. (5 x 7, 272 pages, maps, black and white photos)

The book is fine. My trouble with bike books in general is that you need to photocopy the pages and take them with you. And still I find I am stopping often to check the directions. The choices to make a "ride" are not always obvious or labelled on the road. I enjoy using a book, but find there is no rhyme or reason as to how the ride was constructed.
