Integrated Korean Workbook: Beginning 1, 2nd Edition (Klear Textbooks In Korean Language)

Synopsis

This workbook accompanies the thoroughly revised edition of Integrated Korean: Beginning 1, the first volume of the best-selling series developed collaboratively by leading classroom teachers and linguists of Korean. All series volumes have been developed in accordance with performance-based principles and methodology contextually, learner-centeredness, use of authentic materials, usage-orientedness, balance between skill getting and skill using, and integration of speaking, listening, reading, writing, and culture. Grammar points are systematically introduced in simple but adequate explanations and abundant examples and exercises. Each situation/topic-based lesson of the main texts consists of model dialogues, narration, new words and expressions, vocabulary notes, culture, grammar, usage, and English translation of dialogues. In response to comments from hundreds of students and instructors of the first edition, this new edition features a more attractive two-color design with all new photos and drawings and an additional lesson and vocabulary exercises. Lessons are now organized into two main sections, each containing a conversational text (with its own vocabulary list) and a reading passage. The accompanying workbook, newly written, provides students with extensive skill-using activities based on the skills learned in the main text.

Book Information

Paperback: 232 pages

Publisher: University of Hawaii Press; 2nd edition (November 9, 2009)

Language: English

ISBN-10: 082483450X

ISBN-13: 978-0824834500

Mee-Jeong Park (Author) Mee-Jeong Park is associate professor of Korean language and linguistics in the Department of East Asian Languages and Literatures at the University of

Hawaii at Mānoa, with a PhD from University of California Los Angeles in Applied Linguistics. Joowon Suh (Author) Joowon Suh is Director of the Korean Language Program in the Department of East Asian Studies at Princeton University. Mary Shin Kim (Author) Mary Shin Kim is associate professor in Korean in the Department of East Asian Languages and Literatures at the University of Hawaii at Mānoa. Sang-Suk Oh (Author) Sang-suk Oh is professor in Korean at Harvard University. Hangtae Cho (Author) Hangtae Cho is professor in Korean at University of Minnesota.

I can't believe this was used for a beginning Korean class. The book is great but it should be for intermediate level Korean. Even as a Korean speaker I find this book challenging for a beginner's class. Other than that, this book is straightforward and helpful. Lots of repetitive writing and eventually goes into sentences and answering questions.

The workbook and textbook were mainly geared at students. I had to memorize a ton of words I'll never need...it really needed an answer key...I emailed for one but they blew me off...I didn't waste my money but I don't recommend it.

Got this for a friend for a college class, she says it's a great deal especially for a college book. Material is also helpful.

The workbook itself is actually helpful and well put together. HOWEVER, if you want the answer key for the book you just paid for, you'll have to pay an additional \$10 through the website. Since they are making me pay to find the answers for the book I just paid them for, I cannot give this more than two stars. There are plenty of Korean workbooks out there; I suggest finding one less focused on fleecing customers.

its ok

very good

Very helpful. It has helped me learn to read and write in hangul a lot faster than I expected.

Great book for learning Korean. The accompanying website is a little lacking (needs to be updated),

but overall a great buy. I do have a teacher that goes thru the book and workbook with me, but I think it would work perfectly for self-learners as well.
