I have an engineering background, now retired. I tutor/help out with math/physics at the local high school. This book was perfect as a quick review of high school physics. I bought the teachers edition just to get more feedback on my efforts. I highly recommend this book.

This is my first review ever. This product is so sharp it is scary! Best investment ever at a great price! Very well. send it to my grandson, love it . so fast, receive it next day ,
