DIABETES: The Diabetic Holy Grail: Your Guide To Learning The Truth Behind Diabetes, The Facts Behind The Myths And 100% Stress Free Diet Plan ... Living,blood Sugar Solution) (Volume 1)

Synopsis

"This will solve your Problem if you have diabetes" Do You Want a Stress Free Diabetes Diet Plan? diabetes diagnosis is scary. It doesn't matter if you just learned of your condition or if you have been living with it for years; diabetes can turn your life upside down and leave you with a lot of stress about how to cope and what to eat. Fortunately, author and diabetes expert Christine Cawthorn is here to help. Cawthorn cuts through all the misinformation and helps you understand the truth about diabetes. She gives you the facts while also destroying the myths about this common disease. Most importantly, Cawthorn's book gives you the tools you need to control your diabetes and live a happy, healthy life. Inside this book you will discover: The true causes of diabetes The best way to manage and even reverse diabetes The biggest eating mistakes for diabetics Stress free diet plans for breakfast Stress free diet plans for lunch Stress free diet plans for dinner The perfect desserts when you have diabetes And Much More his book has over 100 different tasty and healthy recipes that will keep you feeling full while also helping you manage your diabetes. If you follow the tips in this book you won't just feel better, but you might also live a longer, happier life. Cawthorn doesn't believe you should stop living once you've been diagnosed with diabetes. Instead, she shows you how you can continue to enjoy life and live a healthier lifestyle, while still enjoying food, including dessert. If you or someone you love has been diagnosed with diabetes, you need to get this book. What Are You Waiting For? Get Your Copy of The Diabetic Holy Grail Right Now.

Customer Reviews

There was a lot of solid information in the beginning. Diabetes is something I've been dealing with for.. well.. a long time. Even though I've adapted to the lifestyle I'm always relieved to find new information. Never heard of avacado boats before. There was a lot of things I learned from this book.

This book is good for anybody looking for information about diabetes. You first get some basic information about this subject and after following some myths about it that are explained easy. There comes a list from food that you should avoid. At last there are several tasty recipes that are easy to prepare. Luckily at the end there are some nice desserts that you as a diabetic can eat without any problems.

Awesome book on how to combat diabetes! The recipes are an awesome cherry on top of this book!

very informative

The book gives you some ideas to change up your diet.

I had high hopes but this book is mostly recipes.

Still reading it!

I searched a lot of books about diabetes and one thing in common: you should be very careful on what you eat and what you do! The book discusses the myth and facts about diabetes which it really corrects me that some of my beliefs are really not true. In order to accept to yourself that you have diabetes is through acceptance and carefully change your diet plans because this is a big contribution to your diabetes and also have your monthly check up so that you can monitor your insulin level.
