Book by Jonathan B. Krasner, Jonathan D. Sarna

This is a very interesting book of history. It was able to confirm things I knew and opened me up to another world of what I didn't know. In learning the struggles of the Jews it gave me a different outlook on them. I like the explanation of the Reform, Conservative and the Orthodox. This is a very good book for beginners. This is a very easy read but it has a lot of information. Authors did a great job.

Both this and Gevirtz's book are very helpful in teaching children as well as adults about Jewish history.

Needed this book for my sons religion class! Great price. Quick delivery!
