Understanding Social Problems

Synopsis

This thoroughly revised edition of Mooney, Knox, and Schacht's text uses a theoretically balanced, student-centered approach to provide a comprehensive exploration of social problems.

UNDERSTANDING SOCIAL PROBLEMS, Tenth Edition, progresses from a micro to macro level of analysis, focusing first on problems related to health care, drugs and alcohol, families, and crime, and then broadening to the larger issues of poverty and inequality, population growth, aging, environmental problems, and conflict around the world. The social problem in each chapter is framed in a global as well as a U.S. context. In addition, the three major theoretical perspectives are applied to the problem under discussion, and its consequences -- as well as alternative solutions -- are explored. Pedagogical features such as "The Human Side" and "Self and Society" enable students to grasp how social problems affect the lives of individuals and apply their understanding of social problems to their own lives.

Customer Reviews

"Understanding Social Problems is a well-written, engaging textbook that is current, comprehensive in scope, and theoretically-balanced. The authors do a nice job of sociologically presenting factors tied to the emergence/existence of various social problems, and illustrating how a sociological perspective can be relevant and beneficial with regard to understanding and alleviating those problems." "Probably the best textbook one can acquire for a social problems class. It is comprehensive; but, it also provides edgy content which will engage the students."

Linda A. Mooney, Ph.D., is an associate professor of sociology at East Carolina University in Greenville, North Carolina. In addition to social problems, her specialties include law, criminology, and juvenile delinquency. She has published over 30 professional articles in such journals as Social Forces, Sociological Inquiry, Sex Roles, Sociological Quarterly, and Teaching Sociology, in addition to authoring several books. She has won numerous teaching awards, including the University of North Carolina, Board of Governor's Distinguished Professor for Teaching Award. David Knox, Ph.D., is professor of sociology at East Carolina University, where he teaches courtship and marriage; marriage and the family; and sociology of human sexuality. He is a marriage and family therapist as well as the author or co-author of 12 books and over 100 professional articles. Caroline Schacht, M.A. in Sociology and M.A. in Child Development and Family Relations, is Instructor Emeritus at East Carolina University. She retired from a career teaching sociology to become a certified Romana's Pilates instructor. She is co-author of several textbooks and balances her time writing and revising, teaching Pilates in her home studio, and writing children's verses and songs for her grandchildren.

It was in good condition and what I needed.

This book brand new came without an access code. Unable to start class on time without the online access code. Purchase new assuming used ones would not come with code.

Enjoyed reading this! Lots of relevant and helpful data with sources for outside research!

What's the address to return this book ??? don't know how to return it back

Very nice

Needed it for school.

Book was helpful through college. Thanks.

Thanks
