Customer Reviews

My son likens reading to corporal punishment, so I am always on the lookout for fun books that pique his interest in reading. As a Minecraft "zombie" himself, I just knew my sweet baby boy would relate to the trials and tribulations of the titular Zombie in this series. My adorable and brilliant cuddlebug devoured all of the presently-available installments and we are both now anxiously awaiting the next. (Seriously. Can't you just churn these out in groups of four or something, Mr. Zack

Zombie?)

Took my 7 year old grandson on a 7 hour car trip. He had his video games, art supplies, & brand new minecraft book. Reading is not his favorite thing to do but chose to read his book first thing. He loved it, could hear him laughing in the back seat. As a rising 3rd grader it was an easy read, and he finished it pretty quickly but he would pick it up again & read a few pages all through the weeks vacation. He wants more books to read, music to this grandma's ears.

My 8 yo son is not much of a reader but loves Minecraft. I was hoping that buying these books would get him more interested in reading and not so much of a fight when it comes to his 10 min reading that he has to do nightly for school. And this book has done the trick. My son will even ask to read a little longer sometimes because he is "at a good part." lol Would highly recommend for any young reader that likes Minecraft.

My 6 year old son is a huge Minecraft fan and he's been reading this series of books all year. He is now on book 9 and he is quite sad that he only has 2 more left. This is a great book series. Nothing inappropriate in the text. I have caught him laughing out loud while reading these books. I would definitely recommend them for any Minecraft fan.

Please write more books I've collected the whole series and I LOVE these books PLEASE WRITE MORE!!

Kids love this book series have to get the whole set.

My boy loves these. We've purchased almost all of them. He's not a big reader but he loves these. You'll hear him chuckle while reading so must be funny as well!

My 8 yr old loves the story collection.
