Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

My kids LOVE this book, and so do I. My daughter plays the piano and enjoys trying out the Disney songs. My son and other daughter play the flute, and they can use the book as well. I play the accordion, and use it as well. The songs are very easy to read, and the chords that are suggested are practical, and easy as well. Fun book.

It's handy to have easy Disney music to work with for early beginning students.

This series of books is excellent! They are fine for a beginner, intermediate, or advanced student. You can take the basic arrangements and add to them as much as you like. The "C" keys add to the simplicity give a beginner a sense of "wow I did that!" Keep up the good work. I recommended this to my Organ Master and He liked ALL of the books in the series. I really liked the selections in this book specifically.

Gave it to some grandkids who are learning the piano with the chord method. Great help to know and love the songs one wants to play.

Nice simple arrangements of dozens of Disney favorites. I teach piano to students between 7 - 15. If they learn their lesson, I let them pick a song to learn. They are generally able to find a couple they like.

Another success.

FANTASTIC song for teaching piano or voice to children.

Good selection of songs! My students love this book. I am a piano teacher and teach chords to my students early in their training.
