## **Customer Reviews**

I wanted a sweet story about a mommy's love but was surprised when several pages mention God, what God has made and praying and blessings. Some pages had such sweet messages and others. I didn't feel comfortable reading aloud since we are not a religious family. I just wish I would have read a review that said this before I bought it. The illustrations are beautiful and if your family is religious it's a sweet message otherwise.

This is one of my "go to" books for my little one! Makes me smile everytime I read it. Shows different Mommy and Baby animals on each page and describes how/why Mommy loves Baby. Also very

colorful and pretty. Very sweet! Glad I happened upon this one!

I bought this book when my son was 2 months old and he loves to look at the animals on each page and it keeps his interest right til the end. I'm not a huge fan of the words so I make most of my own up for him.

Bought this book for my 18 month old daughter for Christmas along with the book Daddy Loves You So Much. She can't read yet but loves the colorful pictures!

Bought this as a present for my son to give his mom. She loves it.

Awesome!

This padded covered board book is filled with cute pictures of all types of animals. From red pandas to yellow ducks, each page is beautifully illustrated. Reminded me of all the fun things I do with each of my kids...From baths to swinging them on the swings. We show our children how much we love them. Same with God, He shows us everyday how much He loves us.I loved sharing this book with my littlest girl. She loves her Mommy time.I received this book in exchange for my honest review

My kids are long past the age of board books, but I still love them. They're just so simple and sweet! Mommy Love You So Much! is no exception. I love the soft padding on the front cover, but most of all I love the sweet illustrations filled with animals of all different sorts. The last one is the best...cheetahs looking out over the African prairie. What's not to love?The theme throughout the book is constant. There's nothing deeper than the love of a mother and this book does a good job portraying that through pictures and words. This book would be a great baby shower gift or Mother's Day gift for Mama and baby.Disclosure: I received a free copy of Mommy Loves You So Much! from Tommy Nelson in exchange for my honest review. All opinions are my own.
