## Customer Reviews

Insight Guides wherever possible uses local experts who provide insider know-how and share their love and knowledge of the destination.

A great resource for travelling throughout Argentina. This was an excellent edition. I believe it was a little older than others out there, but through research I found it had the best information. I took it to Argentina with me. This was my #2 book for Argentina. I did find a better one, but this was one a great source as well.

Prefer the practicalities of the Fodor's book but this one is lovely. The two together are a great combo.
