Customer Reviews

I got second issue of the magazine as a review copy. It has the same structure as the first issue - many articles about Russian culture (this time all of them are about Orthodox Easter and how Russians celebrate it), vocabulary for quick consultation and free audio. The articles are very interesting and give an insight on how things work in Russia. Not only it is a great tool for learning Russian, but i also find it an amazing cultural guide. Totally recommended for anybody who is into Russian culture and learning the language. Hope there will be a paperback version some day.
