Very beautiful design and good printing quality!

This made a very nice gift for a coworker

AAAAA+++++ FIRST NEW BABY MOTHER!!!!

The book it's lovely very beautiful book. The paper is excellent. Very smooth texture. But the book overall is not overwhelming to color. There are some small detail work on a few pages. I would suggest triplus fineliners or colored pencils I was kind of lost as to seeing cars " on one page but then I thought of toddlers young boys love to play with cars so this book has a little bit of everything in it. You can't tear the pages out either. The pages are one sided so that's great and big PLUS. I enjoyed coloring in it and the picture was very beautiful bringing it to life. . Hope this helps ! Happy coloring

" If you're expecting or have kiddos you should definitely have this book in your collection to help relax and relieve stress of the day !

Adorable!!! Bought for a friend who is expecting and she was delighted with it! Very relaxing and pleasant. I highly recommend this for your friends who are expecting. A lot of spare time on their hands, and this gives them some relaxing activity to enjoy!!!
