Adrian Mole: The Cappuccino Years: Adrian Mole Series Book 5

Synopsis

It's 1997. Adrian, 30, is a chef at an up-market restaurant, selling down-market food for ridiculous prices. There, the only person who seems to notice he can't cook is AA Gill. But problems abound when, in a fit of madness, he agrees to become a TV chef on the show *Offally Good*. Yet some things don't change. Adrian's still profoundly in love with Pandora, now an MP; his parents' marriage is in trouble; and Sharon Bott, spectre of the past, returns to haunt the traumatized Adrian, who has enough on his plate as it is.

Book Information

Audible Audio Edition

Best Sellers Rank: #84 in Books > Audible Audiobooks > Humor > Political Humor #225 in Books > Literature & Fiction > Genre Fiction > Epistolary #403 in Books > Literature & Fiction > Essays & Correspondence > Diaries & Journals

Customer Reviews

I've read all the Adrian Mole series by now, plus other books by Sue Townsend - "Queen and I", "Queen Camilla", "Middle aged woman" (forgot the full title), etc. I really like author's sense of humor and the kindheartness. And since you start reading one book, you couldn't stop, and when you eventually finish, you are immediately searching for the next one. I wish there were more books written by her.

Loved it

not as funny as previous two but enjoyable

Enjoyed it very much, the sad bits, the disasterous bits, and the happy bits Makes one cry and the

next moment one laughs at the stupidity [or is it innocence] of Adrian
