Thank you

I love these maps. Highlight great sites, give an accurate idea of distance, and become souvenirs when you are finished. I've used these maps in NYC, Boston, Paris, Amsterdam, and London. I have never been disappointed or lost for that matter. I even plan on framing my Paris map. I found the maps that came with my travel guides hard to use and used MapEasy instead. Made planning fun and easy!

Whenever we visit a large city, we purchase the current MapEasy map. For our last trip to Manhattan we purchased three maps, one for each area we planned on visiting. We find them useful for locating our favorite chain restaurants. In Manhattan we also used them to locate businesses with clean, public restrooms. I am always looking for bookstores to visit and many of

them turned up on our map. The maps make it easy plan a day's agenda by seeing what is near some of the more famous sites.

Borrowed this map when I was going to New York in November 2013. Was brilliant so much so I ordered one when I came home. Would highly recommend this for anybody who is going to New York.

This was a great resource for our trip to Manhattan. You could really get a sense of where things were before getting there. Would definitely recommend for anyone planning a visit to Manhattan to get this map for their planning stage of their trip!

Just wish there was an updated version.

Purchased all three of MapEasy's guide books for Upper Manhattan, Midtown Manhattan and Lower Manhattan before our first trip to NYC.....they are very helpful and GREAT!!!

This is the best map of NYC out there! It is large and detailed and has all important places marked.
