## Customer Reviews

Backpacked Jamaica for a month, this book is slightly for the adventure traveler and slightly for the family tourist. We were surprised that there were not very good directions about where to get on and off the bus or route taxi, only telling you to tell the driver to drop you off at the destination. As soon as a driver hears anything that can possibly be considered a tourist spot the price goes from 2 dollars to 50 dollars. by the end of our month I could have added a whole nother 100 pages data, mostly directions and lessons a person only going for a week or 2 will never figure out.

This is a Great travel guide to Jamaica. It covers Jamaica from A to Z with lots of great tips for travelers of all kind: singles, couples, groups and/or families. I would definitely recommend it to anyone looking to visit Jamaica with an honest, up-to-date guide that is like a bible for any traveler! Easily a 5 star read!

It was not a very user friendly Kindle book!

Good book with lots of information!

great book. Took a long time to receive since it shipped from England.

Great for trip.

Greatvinformation

I have intentions of visiting Jamaica sometime in 2018. I started to do my research with this book. Have used other Rough Guides before with satisfactory results. Was not disappointed. May have to spend an entire month in Jamaica to cover the 5 major regions and to do all the stuff in this book. It's very detailed...up to date publication August 2015. No doubt would have a successful trip based on the hints and suggestions given in the guide.
