Fred Barstad is an avid outdoorsman, writer, and hiker. This is the twelfth Falcon Guides title he has written, each covering areas in Oregon, Washington, and west central Idaho.

Pretty basic book, not sure really why only 3 stars its just not as detailed as others I have purchased

such as day hikes for creaky knees ..maybe its the way its set up ..I don't know. It serves its function; which is to familiarize myself with day hikes in the area I just moved to.

This book is terrific for those (like us) who may be new to an area and are looking for nice places to hike that aren't too far away and aren't overly difficult. Glancing through the book we've found several hikes that we plan to do this year starting next week.

"Best Easy Day Hikes SPOKANE/COEUR D'ALENE" (A Falcon Guide), which I spotted and bought on , gives me all the information I may need to take some of the hikes mentioned. As a great-grandparent I need all the facts I can get and this book is thorough in what I need and what I am in for. Want to explore Northern Idaho and Washington, and see all I can. The Guide will be in my pocket all the way. Thank you for making it possible, now I know I can do this!

This is a great little that reveals some beautiful hikes in the Spokane/Coeur d'Alene area. The maps are good and the hikes are rated according to difficulty. My copy has a permanent home in my backpack. It's well worth the money.

Great

This is a small book (easy to carry along) with some very nice hikes for the Spokane and CdA area. Descriptions on how to find the trailheads are very clear. The only additional feature I would have liked to see, would be directions to the trailheads for hikers not living in Spokane or CdA - we live south of Spokane, so I have to work a little to transcribe it to traveling from our area. The maps are good and the trail features are described extensively. The hikes are for all levels, but mostly on the easy side - which is fine with me, since I was mostly looking for pleasant day hikes that can be done mostly year round. The book will also tell you about the best season for the hikes, canine compatibility, other trail users and more helpful info. If you're living in the area or are just visiting, I think this little book will be very helpful.

Good hike book, easy to find out what hikes you want to complete. The levels were accurate, the Bowl & Pitcher hike was awesome!

Lovely little guide.
