OK

I love all books written by Dr. D! This one is very useful if you have diabetes or other blood sugar issues.

Excellent seller and product, thanks

This book gave a lot more information on how to manage my diabetes along side the blood type diet. I am starting to feel better and most important my blood sugars are beginning to normalize.

This book has helped me to adjust my eating habits for healthier eating habits

excellent info for those confused about how to deal with diabetes. So much conflicting info out there. This book was very useful and informative.

The book was somewhat helpful. I would very much like an updated genotype version from D'Adamo.

I'm down 20 points and not stopping. Holiday season is here. I won't feel bad to eat my pecan pie now.
