The Tibetan Book Of The Dead: First Complete Translation

Synopsis

One of the greatest works created by any culture and overwhelmingly the most significant of all Tibetan Buddhist texts in the West, *The Tibetan Book of the Dead* has had a number of distinguished translations, but none encompassed the work in its entirety. Now, in one of the year's most important publishing events, the entire text has not only been made available in English but in a translation of quite remarkable clarity and beauty. With an introductory commentary by His Holiness The Dalai Lama, who calls this translation "an extraordinary accomplishment undertaken with great care over many years" this complete edition faithfully presents the insights and intentions of the original work. It includes one of the most detailed and compelling descriptions of the after-death state in world literature, exquisitely written practices that can transform our experience of daily life, guidance on helping those who are dying, and an inspirational perspective on coping with bereavement. Translated with the close support of leading contemporary masters, including HH Dilgo Khyentse Rinpoche, and learned scholars such as Khamtrul Rinpoche and Zenkar Rinpoche, His Holiness the Dalai Lama says, "I hope that the profound insights contained in this work will be a source of inspiration and support to many interested people around the world."

Customer Reviews

"This new translation of *The Tibetan Book of the Dead* is a tremendous accomplishment."

-Francesca Fremantle, *Buddhadharma* magazine "Profound and unique, it is one of the great

treasures of wisdom in the spiritual heritage of humanity." -Sogyal Rinpoche, Author of *The Tibetan*

Book of Living and Dying

Gyurme Dorje, Ph.D., is a leading scholar of the Nyingma tradition of Tibetan Buddhism. Thupten Jinpa, Ph.D., is the senior translator to His Holiness The Dalai Lama and president of the Institute of Tibetan Classics.

I have the incomplete, first translation of this work; I jumped at the chance to get the first complete translation. Let me state this for the sake of clarity: in terms to profundity, this book is, in my opinion, unparalleled. We, here in the west, assume that we are among the most advanced nation(s) on the planet; that materialism, capitalism, even religious thought - are the acme of civilization. Then there's this book. I have been a voracious reader all my life, and have been exposed to thousands of pages of literature from countless brilliant minds; my advice to those of my ilk: read this book and be amazed at the complexity of it. Read the foreword by the Dalai Lama; you will come away shaking your head. The philosophy expressed by His Holiness is akin to one perfect thought honoring a process of liberation of the soul. And this: you would be in error to classify this book as religious; Buddhism? Buddhism is Science of Mind.

robert thurman is amazing and this book is so well written. a must have for anyone on the path... very 'readable' and dr. thurman is so good at making the esoteric easy to understand.

I'm going to read this many times over as it is to hard to understand the importance of it the first reading.

Best and clearest translation I have read. An excellent text with annotations and a glossary for anyone who wants to actually practice these teachings.

Essential reading, beautifully translated.

Complete!

Good translation. Well bound.

Good read for a buddhist
