Plan Ahead Italy Travel Guide: Rome Travel Guide, Venice Travel Guide, Italian Travel Guide, Florence Travel Guide, Italian Riviera Guide, Vatican City Guide (Plan Ahead Travel Guides Book 1)

Synopsis

This book is a condensed travel guide that draws from a culmination of my own travel experiences, together with my pre-departure planning and lessons I learned the hard way. The information presented is limited to just the things you need to know, and thus avoids bogging you down with information overload. And should you need detailed information on a topic you could easily look up in the big reference guides. Thus this travel guide also acts as (unofficial) *helper* guide to comprehend bigger guides. Included in the book is a travel itinerary so that you can see and experience the best in the least amount of time (but without tiring you down). Also, at the same time, there is enough punch in the itinerary that you can spread it over longer period of time to take a more relaxed holiday. The book covers travel to three major Italian cities :1. Rome2. Florence3. Venice4. Sienna The book provides you with itinerary ideas, giving you specifics what to see, and where to go. The suggested itinerary covers ten days of holiday in Italy. The book also gives you ideas on how to save travel time and trip expenses, and which tourist traps to avoid.

Customer Reviews

I love to travel, and I have found one of the best things to do when travelling is to be prepared, especially when going somewhere new and far away. This book really is like the title says, a perfect itinerary. This book is honest; telling you where not to waste your time and money, and informative; telling you where you need to go and exactly how much it will cost and how long it will take you to get there. Get this book before you even think about sipping wine and eating spaghetti on the beautiful streets of Italia!!

Don't waste your time or money on this "travel guide". It is so basic that it is practically useless. You can get this much information from one or two on-line articles. Much better to get a real guide book to plan your trip. Also the editing (or maybe the writing) is full of grammatical errors that makes it amateurish and frustrating to read.

Thinking about taking a trip to Italy? Grab this book! Traveler Joe, not only helps you pre-plan your trip, but he lays out all the wonderful destination and when is the best times to go. Going to Italy has been on my list for years and now that we are ready to plan our trip I am so glad I read this. This book will be a big help in the planning process!

Great book on Plan Ahead Italy Travel Guide! Highly recommended and I wish I had actually read this book sooner! I am a complete beginner and I couldn't have hoped for anyone to shed as much light on this topic as this book has for me! Highly recommended and I give this a 5 star review!

This is exactly what you want when planning a trip to Italy. I bought this for my daughter who will be going over there soon and she loved it.

A great beginners guide to travel in Italy. I am planning a trip to Italy for next summer, and have been checking out a few guides on . The cover struck me and I decided to grab a copy. I really enjoyed the simple, non-complicated structure of the book, with some useful itineraries to get you to the sights without fuss. There are some wonderful images included, and even costs for entry to sightseeing venues. Really useful. The book even discusses tourist traps, which are really important to know when you are new to a country. Recommended

I love Italy and am always looking for the best travel guide, this has it all and saves you the hassle of planning your own package with brilliant recommendations and easy to use guides. I heartily

recommend this book for anyone thinking of taking the "off the beaten path" route through this glorious country. Well done Traveler Joe :)
