Limited Liability Company: Beginner's Guide To Forming An LLC, Collecting Taxes, And Keeping Organized Records For Entrepreneurs And Small Business Owners (LLC Taxes, Start Up Business)

Synopsis

This book contains easy to understand steps and strategies on how to form an LLC. This eBook will provide you with all of the information on what an LLC is and how to determine if transitioning your business into an LLC is right for your company. The eBook will discuss the steps to forming an LLC and to troubleshooting any issues that may arise during the process. In this ten-chapter book, we'll discuss:

- What is an LLC?
- Is an LLC Right for Me?
- How to Form an LLC
- Taxes
- Common Mistakes to Avoid when Forming an LLC
- How to Complete the Paperwork
- Managing the Articles of Incorporation
- Keeping Accurate Records for your Company
- Converting to an LLC from another Business Structure
- Troubleshooting Tricky Areas of an LLC

An LLC is great for small businesses that want to experience some level of liability protection. LLC owners also want to be tasked with a certain level of minimal formality and paperwork. An alternative to an LLC is an S Corporation. An S Corporation is described as a pass-through entity for federal taxes, just like the tax structure of an LLC, and it is a great option for a small business, as long as they can qualify. This book was not written to replace the need for a CPA. When you finish this book, you should have a basic understanding of the structure and processes involved with forming an limited liability company and what steps you should take next.

Customer Reviews

Fairly light, but useful, material. I would have liked to include more practical tips, such as how to file, when to change (if) to S-Corp. or when to dissolve an LLC.

explains what LLC is about in a briefly manner and in a simple language. Can't complain about the book at all.

If you are considering an LLC, this is a perfect guideline to insure you are making the right moves and in the correct order. Easy and quick to read, eases your mind.

Good general overview of the process of establishing an LLC. Lacks some specifics due to differences in laws from state to state.

Good reading, helpful information.

Good info. Helpful in setting up a LLC

YES

Too general, not enough examples of how to structure what belongs in a LLC and how to show that on paper and how to pay and rent personal property, assets to the LLC.
