Customer Reviews

The conversation was really funny and I'm looking forward to reading more of his work. Hopefully he talks about what he really wants to do next....I hope its not football

Gift for my mother- she loved it!

Blah read.

Good book and a great story of strength and perseverance through his track and field career. Go Usain Bolt! Ya

Very interesting story, couldn't put it down. I wasn't even a fan, my daughter was reading the book. She enjoyed it so much that she asked me to read it too!

If ever there was a worse book out there, I have yet to read it. Unfortunately, I had to purchase this book for my son for an assignment. I decided to read it myself first. What a mistake that was. Usain should stick to what he has done best - run, and run far away from the literary arena. One more "yo" and I'll retch. So full of himself. Such a waste of trees. And my time. Best advice I can give to anyone who is contemplating purchasing this drivel - save your money. And to Usain, you were gifted with a talent - running. Writing is not your sport, never has been and never will be.

Great read! I couldn't put it down until I was finished

It made for the perfect gift!
