Customer Reviews

I do not buy many cookbooks but this one is a keeper. The nut cake is so easy and delish! Many of the recipes I am guessing are from the mid-west--no Tex-mex here.

I love it. Still have my original but it was falling apart , I had. Even had it rebound once. So many favorite recipes.

I already had this and I have been carrying it with my when we traveled to our cabin. Forgot it once, and decided it was easier just to have a second copy to leave there. There are some really good recipes in it that I use quite often!

The recipes are easy and require things that you actually have in your frig. I love it!! Not only bought me one but bought 3 others for friends and relatives.

Cabin Cooking is easy to follow recipes, with great tips and minimum amounts of ingredients to

keep it simple! Simplify!

love this cookbook
