Bought this for my French friend so she could study up before visiting the best city in America. Good guide for the price.

Good overview of the 'Steel City'

good book

I purchased this book after relocating to Pittsburgh. It is very thorough and has great insider tips. I know more about Pittsburgh now than some natives.

I was planning a trip to Pittsburgh and the only 2 travel books I could find on the city were this one and the Moon Pittsburgh book. This book didn't provide any insites or information that couldn't be found by doing a quick web search. The style of writing was boring and did nothing to peak my interest in my trip. This book needed more and better maps, a bit of humor, and better organization. The Moon book was much more informative and up-to-date.

wanted to get some great photos and some intersting tidbits of life here as this will be my hub for a retirement trip I've been planning

Having lived in pittsburgh from 1975 to 1989 I find the guide to be very informative about sights in Pittsburgh and it keeps me up to date regarding restaurants, night life and cultural activities of which there are more than most people associate with Pittsburgh. *Insiders' Guide to Pittsburgh, 4th* (Insiders' Guide Series)
