Diccionario De Sinónimos, Antónimos, E Ideas Afines (Spanish Edition)

Synopsis

This compact, inexpensive paperback thesaurus is ideal for anyone who wishes to build Spanish vocabulary. The only Spanish-language thesaurus to include Latin American regionalisms, this pocket reference is the perfect companion to the *Diccionario Esencial de la Lengua Española*. • 36,000 entries • 110,000 synonyms and 18,000 antonyms • Numbered meanings for greater clarity and ease of use • Clearly labeled Latin American regionalisms

Responde a las necesidades de comunicación del mundo actual, en el español que se habla en más de 20 países, porque incluye a diferencia de otros diccionarios de sinónimos, los regionalismos de América Latina, siendo una obra de consulta rápida y eficaz. 36 000 entradas y acepciones. 110 000 sinónimos. 18 000 antónimos. Palabras y frases contextuales para especificar usos. Acepciones enumeradas, para mayor claridad y sentido de uso, y sus respectivos sinónimos cuando existen. Marcas regionales. Remisión a otras palabras. Señalamiento cuando una palabra de lengua general o regional tiene otros significados regionales.

Customer Reviews

The Larousse editorial team includes many language and reference experts based in countries around the world. In this way the linguistic team keeps its finger on the pulse of living languages as spoken by the native language speakers of these countries.

I am a college student (U.S.) and have found this book extremely helpful in expanding my

vocabulary. I am in my first year of Spanish as a second language and have been introduced to a lot of vocabulary through the school's curriculum, but it's really nice to have this book on hand. I take it everywhere with me. When something in my everyday life reminds me of a Spanish vocabulary word, I look it up. This book makes it easy to associate more words with their real-life meanings. It's easy to use and understand even at beginner levels.

I work as Spanish Medical Interpreter, although interpreting is my main job, I do translations like once a week. I have found many online resources when it comes to synonyms and antonyms, but this book is much better than any online dictionary. I am very picky when it comes to Spanish writing because I know the grammatical rules very well. This book has helped me to remember words I had already forgotten.

This is a great book; manual size. I use it in conjunction with my "Larousse Esencial Diccionario de la Lengua Española

Very useful. A good buy

Best Spanish synonyms dictionary ever!!

Good dictionary to have on the shelf for quick reference when you don't want to go online. The physical quality of the book itself is suspect. I'm not looking for it to last very long with frequent use.

Just what I needed

I thought this book would be bigger and better than it is. It's a little on the small side. I'm an advanced Spanish speaker and I need something a little more robust. If you're advanced or a professional linguist, I recommend Fernando Corripio's "Diccionario de ideas afines." If you're a beginning or intermediate student of Spanish, I would have no qualms recommending this book for you.
